

A Note for Parents & Guardians

Welcome to the Number Scavenger Hunt! This activity is designed to help your child see that the amazing, big numbers they love are all around us, every single day. It turns the world into a playground for discovery.

The goal is simply to notice and appreciate numbers in our environment—on food packages, street signs, receipts, and more. There's no pressure or competition. Let your child lead the way and celebrate every number they find, big or small.

Enjoy being a number detective together!
